FINAL PRESENTATIONS

COURSE-END SURVEY

EXIT TICKET QUESTIONS

1. When working with React what is the best method for "getting started"
2. How is react native different from react in terms of code structure?

FINAL PRESENTATIONS

PRESENTATIONS

FINAL PRESENTATIONS

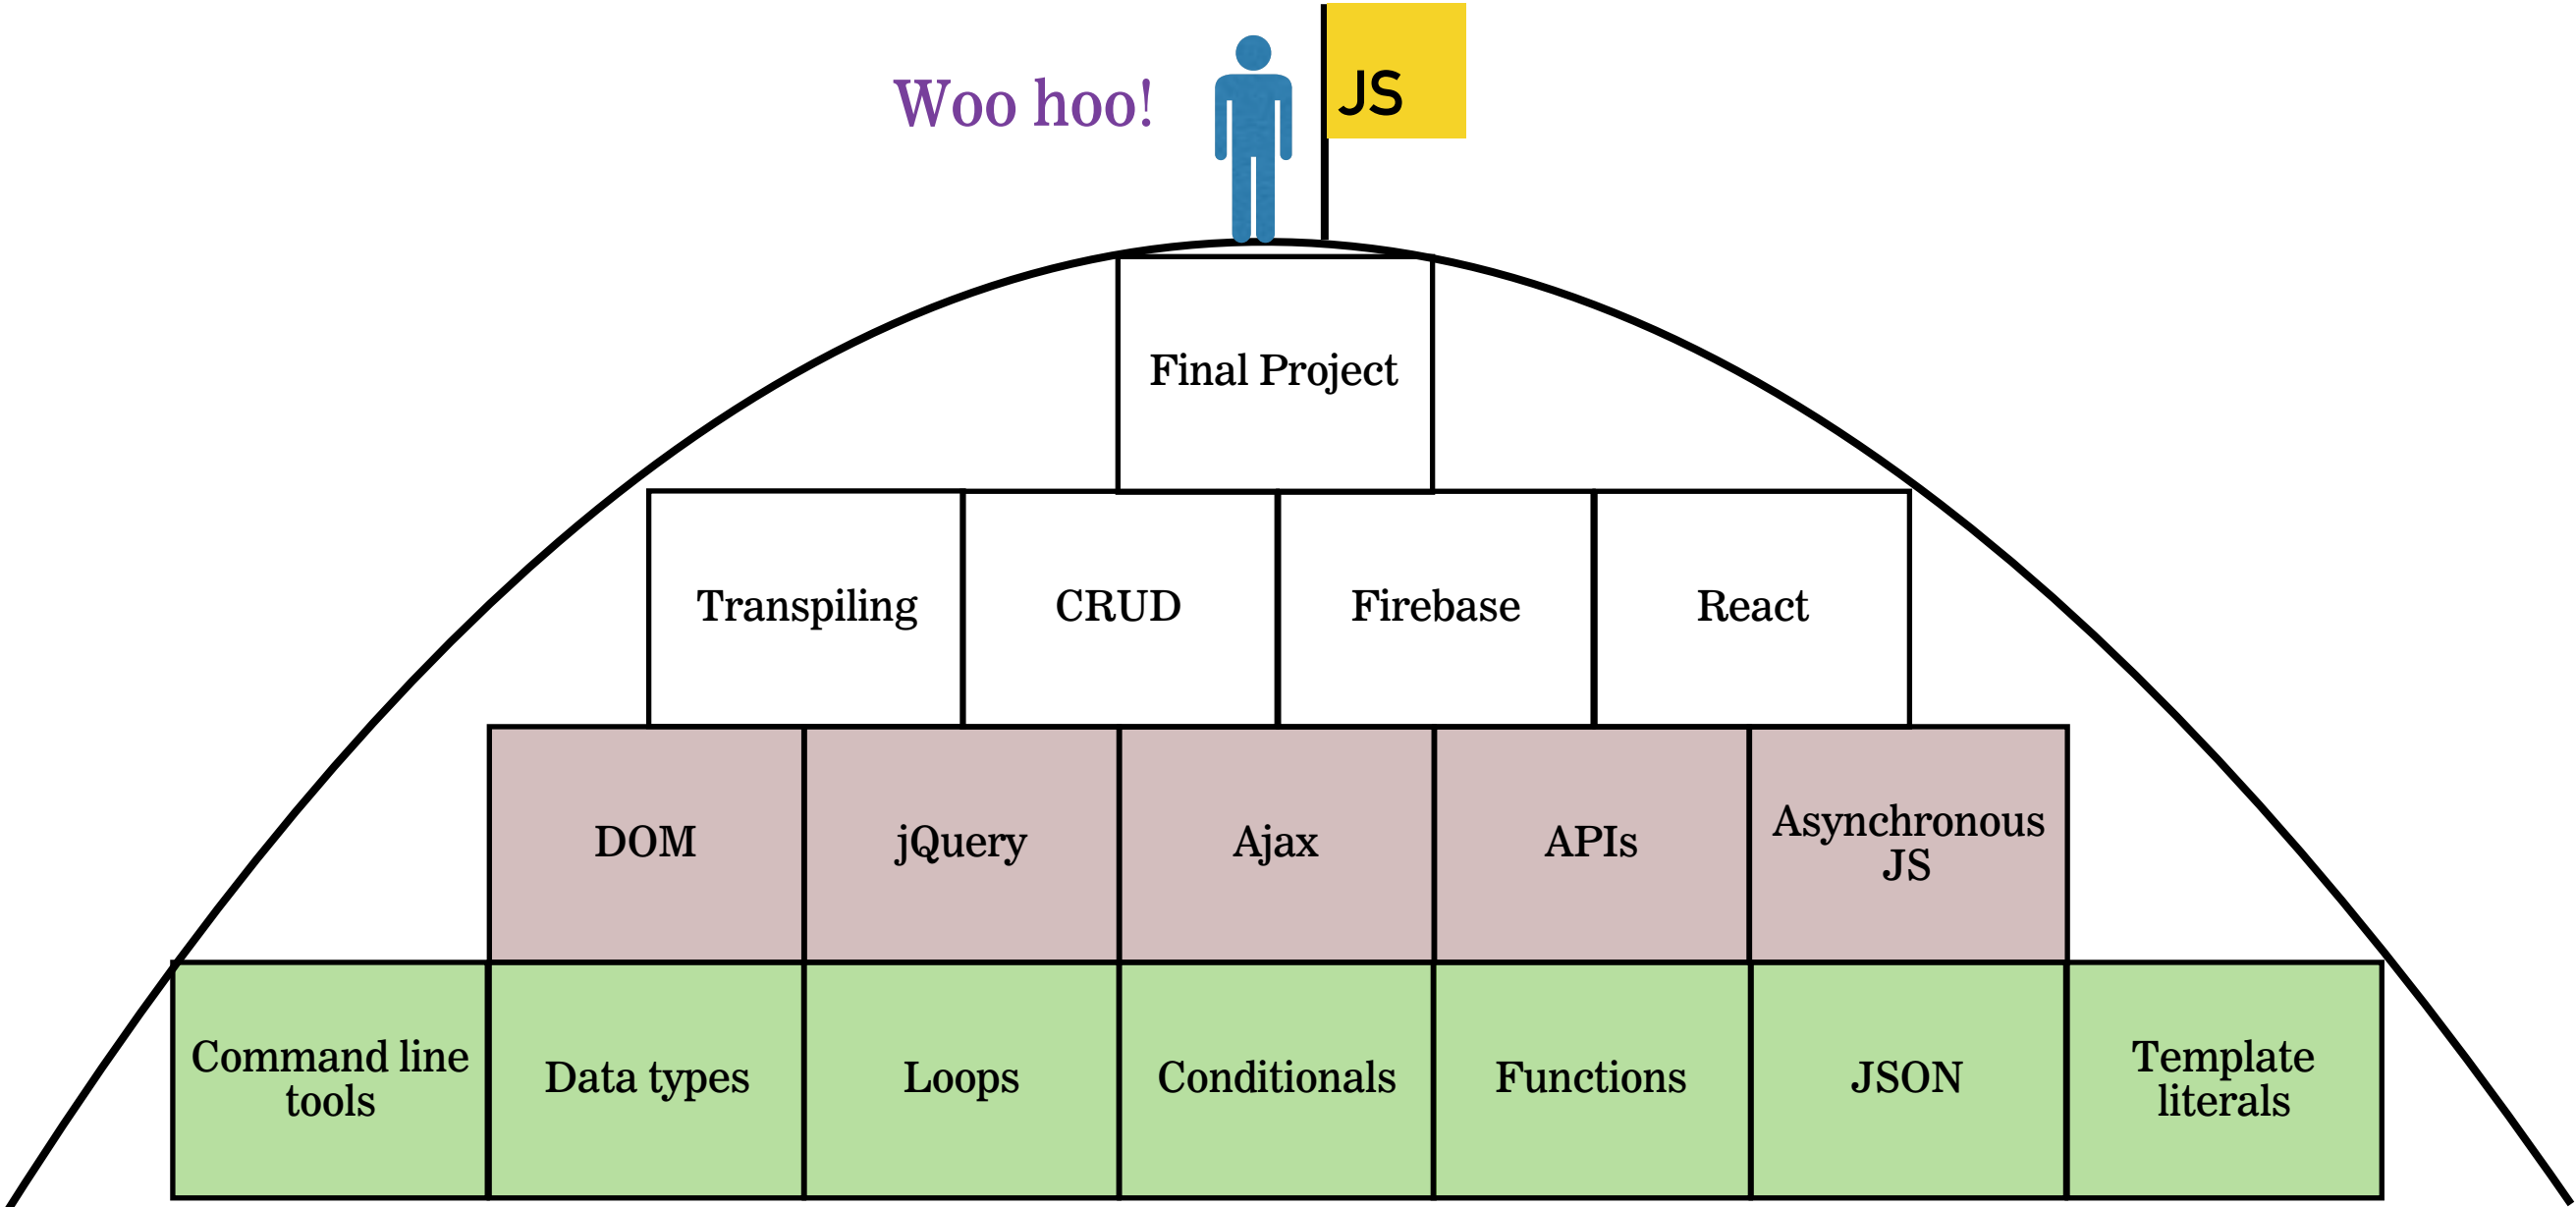

PRESENTATION STRUCTURE

- Describe the problem you set out to solve
- Demo your app!
- Share
 - A technical hurdle you encountered and how you worked with it
 - Something new you learned
- Answer questions

CONTRIBUTE TO AN OPEN SOURCE PROJECT

The screenshot shows the GitHub repository page for Microsoft/vscode. The 'Issues' tab is selected, showing 3,764 issues. A notification banner at the top asks if the user wants to submit an issue, providing links to contributing guidelines and labels like 'help wanted' and 'good first issue'. Below the banner, there are filters and a search bar. The main content area displays a list of open issues. The second issue, titled 'Save Git uncommitted commit message (on reload/reopen)', is highlighted with a red arrow pointing to its 'good first issue' label. This issue is labeled with 'feature-request', 'good first issue', and 'help wanted'. It was opened 12 days ago by AlanaCodeLeg.

Microsoft / vscode

Code Issues 3,764 Pull requests 111 Wiki Insights

Want to submit an issue to Microsoft/vscode?

If you have a bug or an idea, read the [contributing guidelines](#) before opening an issue. Issues labeled [help wanted](#) or [good first issue](#) can be good first contributions.
